VIOLATIONS/COMPLAINTS

Other Misc.:

248 Erie Beach (*Excessive Storage – Richards*)

The defendant had until March 12th to file a response and has not. I believe at this point we are waiting on J. Stopar to file a request for judgement.

Prior Info: Certified Letter to the property owner 07.03.25 for having too many boats, RV's, trailers on the property. There are currently 2 boats and 2 RV's, and one needs to be removed. We, along with the neighbors, have been patient with this, this summer because we received word that the owner, who is a repeat offender, was selling the house. As of 07.21.25 still waiting for the letter to be delivered. Certified letter was returned unclaimed. Letter re-sent via regular mail 08.01.25. Will re-check by 08.15.25. Re-inspection conducted 08.15.25 and all recreational vehicles are still parked on the property. Property owner has not reached out to us. Will be attempting to make contact with the owner or posting the property. Final Notice letter was sent via certified mail 08.27.25. Letter was claimed 09.03.25. Owner has until 09.10.25 to remove one of the units from the property. File turned over 10.20.25 to J. Stopar to file necessary zoning violation with Common Pleas Court. Complaint was prepared and officially received by the Court 02.04.26 (2026-CV-H-084). The defendant will have 28 days to file a response once receiving notice of the filing. The defendant received their summons on 02.12.26 and will have 28 days to file a response. According to the court case file, a telephone conference is scheduled for May 7, 2026 @ 2:30p.m. If the defendant doesn't respond within the 28 days, I am not sure what that does for the May telephone conference or what the exact next steps would be.

Illegal Rentals:

8146 Northshore Blvd. (*Illegal Rental – Thomas*)

J. Stopar emailed Sunday evening and stated he would be sending you all a draft of a consent decree by 03.23.26. We will be having a brief executive session during your meeting to discuss this imminent and pending litigation.

Prior Info: Due to a police response on a different matter, it came to light that this property was occupied by a short-term renter. This has been a repeat offender who has been tough to catch because they do not advertise on any of the rental platforms. The history of this has been turned over to J. Stopar because due to HB 315, zoning violations are now civil and must be pursued through Ottawa County Court of Common Pleas. Spoke with J. Stopar 06.24.25 and based on the documentation we do have on this, he believes the case is strong enough to pursue. He will be filing a complaint with the Court of Common Pleas within the next week. Anticipate complaint to be filed 07.21-07.23. Will provide you with a copy at the meeting if it is indeed filed. Complaint was officially filed 08.07.25 and enclosed is a copy for your review. Case is officially in the court's hands and updates will be provided accordingly. Property owners claimed their notifications of the court filing 08.20.25 and now have a certain amount of time to file a reply. Case is officially in the court's hands and updates will be provided accordingly. No reply has been filed by the property owners to date (they have until roughly Sept.19th). A conference call is scheduled though for November 3, 2025. Attorney for defendants filed their reply 09.29.25 denying all claims. Conference call was held on 11.03.25 to set filing schedules. A pre-trial date was scheduled for January. The defendant's attorney wants to settle the case. Stopar & I are discussing what this may look like and if it's a viable option. Obviously, zoning's biggest concern is compliance with the zoning regulations. Conference call is scheduled for 01/13/26. We will be holding an executive session at the beginning of your 01.28.26 meeting to conference with our attorney on this pending/imminent litigation. 02.11.26 - J. Stopar intended on sending you a draft of a consent decree regarding this case, however, we have recently learned of a new civil litigation case being filed involving this property. Jeff & I have spoken and think it might be wise to just sit back for a moment on this to see what information may come out as a result of this new case filing. Depending on the response that is filed and when that gets filed, we will determine if we move ahead with our scheduled conference call 03.06.26 or not. Telephone Conference is scheduled for 03.06.26 @ 11a.m. However, as last reported, we are waiting to see if a response will be filed before our conference call regarding another private civil suit involving these defendants & property.

Construction w/out Permit:

2991 Waterside Court (Lanai/Porch w/out permit – Bilton)

Just waiting on J. Stopar to file this order to remove the structure with the court.

Prior Info: As you may recall, this is the property that we have been in litigation with since October 2022. It went before Ottawa County Common Pleas and 6th District Court of Appeals, resulting in both courts upholding the BZA's decision to deny them a variance request from 2022. The final judgement from the 6th District Court of Appeals came on January 17, 2025. While the court decision did not explicitly state so, by default the ruling essentially meant that the property owners needed to remove the lanai/ porch addition. In March 2025, the owners received a zoning permit to enclose a part of a recessed porch they were allowed to and showing that the rest of the lanai/ porch addition would be removed. That permit expired in less than a month. Then in November 2025, the owners came back before the BZA requesting a modified variance request and were subsequently denied again. The owners had until roughly January 17, 2026, to file another appeal of the BZA's decision, but did not. To-date, no attempt has been made to remove the lanai/porch addition that was installed without a proper permit. All administrative appeals by the property owner have been exhausted. I have authorized J. Stopar to file a new complaint with the Court requesting a mandate to remove the structure that remains in violation of zoning. 02.18.26 - I have shared with J. Stopar to proceed with a civil citation regarding this property.

Junk & Debris (§505.87):

218 Sunnydale (Junk & Debris – J. Dunn)

As of 03.19.26 one dumpster has been brought to the property and filled. The occupant was not sure when Lake would be back to pick it up, but another dumpster cannot be brought in until the first one is removed. While they were waiting on that, since the brush drop off site was opened early, they were going to start tackling some of the brush overgrowth.

Prior Info: 02.13.26 we received a complaint regarding the condition of this property including misc. junk & debris and possible two junk vehicles. Upon initial inspection, there are bags of garbage piled up in front of the fence at the SW corner of the house and visible from the street. Much of the issue is apparently behind a fence and coordination with the complainant is needed to determine the extensiveness of the problem. The occupant of the property received their letter 03.02.26 and called into our office 03.04.26. The permit for the pergola will be addressed 03.12.26 and a dumpster has been ordered to arrive either 03.09.26 or 03.10.26. I explained that as long as progress is being made, we will work with them on extending timelines.

Executive Session:

Ms. Rozak notified all in attendance that the Board and Ms. Dale would be moving into Executive Sessions in another office, everyone could remain in the meeting room and that it would take no longer than 20 minutes.

Ms. Rozak motioned and Mr. Dress seconded to move into Executive Session at 6:06 pm, for a conference call regarding Pending and Imminent Litigation with the Zoning Attorney; all ayes and motion carried. The Board and Ms. Dale exited the meeting room.

The Board returned to the meeting room, Mr. Dress motioned and Mr. Hirt seconded to come out of Executive Session at 6:15 pm; all ayes and motion carried.

Ms. Rozak motioned and Mr. Hirt seconded to go back into Regular Session at 6:16 pm; all ayes and motion carried.

No Action was taken.
